DATE MAILED:

Please find below a communication from the EXAMINER in charge of this application.

Commissioner of Patents

The communication filed on 14 December 1998 is **not fully responsive** to the communication mailed on 18 November 1998 for the reason(s) set forth on the attached Notice to Comply With the sequence rules.

Since applicant's submission appears to be a *bona fide* attempt to provide a complete response to the prior Office action, Applicant is given a shortened statutory period of **ONE MONTH or 30 DAYS** from the date of this letter, whichever is longer, to submit a complete response. This shortened statutory period supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 C.F.R. § 1.136(a).

Any questions should be directed to David Fitzgerald at telephone number (703) 308-3934 or fax number (703) 308-0294. Inquiries of a general nature should be directed to the Technology Center 1 receptionists at (703) 308-0196.

**NOTICE TO COMPLY WITH REQUIREMENTS FOR PATENT APPLICATIONS CONTAINING
NUCLEOTIDE SEQUENCE AND/OR AMINO ACID SEQUENCE DISCLOSURES**

The nucleotide and/or amino acid sequence disclosure contained in this application does not comply with the requirements for such a disclosure as set forth in 37 C.F.R. §§ 1.821-1.825 for the following reason(s):

- ☐ 1. This application clearly fails to comply with the requirements of 37 C.F.R. §§ 1.821-1.825. Applicant's attention is directed to these regulations, published at 1114 OG 29, May 15, 1990, and at 55 FR 18230, May 1, 1990.
- ☐ 2. This application does not contain, as a separate part of the disclosure on paper copy, a "Sequence Listing" as required by 37 C.F.R. § 1.821(c).
- ☐ 3. A copy of the "Sequence Listing" in computer readable form has not been submitted as required by 37 C.F.R. § 1.821(e).
- ☒ 4. A copy of the "Sequence Listing" in computer readable form has been submitted. However, the content of the computer readable form does not comply with the requirements of 37 C.F.R. §§ 1.822 and/or 1.823, as indicated on the attached copy of the marked-up "Raw Sequence Listing".
- ☐ 5. The computer readable form that has been filed with this application has been found to be damaged and/or unreadable as indicated on the attached CRF Diskette Problem Report. A substitute computer readable form must be submitted as required by 37 C.F.R. § 1.825(d).
- ☐ 6. The paper copy of the "Sequence Listing" is not the same as the computer readable form of the "Sequence Listing" as required by 37 C.F.R. § 1.821(e).
- ☒ 7. Other:

The format of the sequence listing does not comply with the new rules. Because the required corrections do not affect all parts of the sequence listing, the paper copy may be revised by the submission of substitute pages, if desired.

Applicant must provide:

- ☒ An initial or substitute computer readable form (CRF) copy of the "Sequence Listing".
- ☒ An initial or substitute paper copy of the "Sequence Listing", as well as an amendment directing its entry into the specification.
- ☒ A statement that the content of the paper and computer readable copies are the same and, where applicable, include no new matter, as required by 37 C.F.R. § 1.821(e) or § 1.821(f) or § 1.821(g) or § 1.825(b) or § 1.825(d).

For questions regarding compliance with these requirements, please contact one of the following:

For rules interpretation, call (703) 308-4216.
For CRF submission help, call (703) 308-4212.
For PatentIn software help, call (703) 557-0400.

Please return a copy of this notice with your response.

RAW SEQUENCE LISTING
PATENT APPLICATION US/09/183,543DATE: 01/04/1999
TIME: 11:58:52

Input Set: I183543.RAW

This Raw Listing contains the General Information
Section and up to first 5 pages.
